## QUANTRELL STILL LIVES

Is Said to Be Residing on Vancouver Island.

## NAME CHANGED TO SHARP

Leaves Louisville Hospital, Emigrates to South America, Makes a Fortune in Texas as Cattleman, Exhausts It and Goes to the Far Northwest.

Victoria, B. C., Aug. 9.—Bill Quantrell, leader of Quantrell's guerrillas in the civil war, who, according to history, died of wounds at a Kentucky hospital after his raiders were cut up, is alive and lives at Qualsino, on the northwest of Vancouver island, under the name of John Sharp, according to a number of people who have conversed with him. J. F. Duffy, a prominent timber man, who recently became interested in timber lands near Qualsino, recognized John Sharp, who is seventy years old, wiry and gray, as Quantrell. Duffy was a member of the Michigan troop of cavalry which cut up Quantrell's forces. He stated to Duffy that he was correct in his recognition. Sharp said he had been left as dead, but, instead of dying of his wounds at Louisville, as history recorded, had taken a horse, ridden many miles and disappeared. He made his way to South America, living a number of years in Chili. There he went to Texas, where he engaged in the cattle business, making considerable money, which he exhausted. Then he went to Oregon, where he punched cattle and drove them over the mountains. From Oregon he came to British Columbia nearly two decades ago and engaged in logging at different camps on the northeast coast of Vancouver island until ten years ago, when he became a trapper on the northern coast. Six or seven years ago he went to Qualsino, where he made a career at west Vancouver mines.

When J. F. Duffy landed at Qualsino from the steamer Tees he met John Sharp on the beach at Coal Harbor. Duffy, looking the old man over and said: "Is that you Quantrell, you old rascal?"

"Come into the house," said Sharp, and for some hours the two men talked. Sharp stated he was in reality Quantrell, and he talked at length of his raids in Kansas and elsewhere, and eagerly listened to Duffy's tales from the point of view of a cavalryman in the Union army. He was most interested in the story of the cutting up of his band, and when the narrator told how forty men had been killed tears were said to have rolled down the old man's cheeks.

R. E. Montgomery, who is engaged in business at Qualsino and who knew Sharp or Quantrell at Fort Worth, Tex., and H. O. Herg, postmaster at Qualsino, are two others to whom Sharp said he is Quantrell.

## Story Doubted by Morton.

Nashville, Aug. 9.—The story that Quantrell is alive must have further corroboration before it can be accepted, said M. B. Morton, managing editor of the Banner. "Dr. White, former health officer of Louisville, Ky., and Mr. McAlee, a well known Louisville attorney, told me the story of the wounding of Quantrell and his subsequent death and burial at Louisville, and Frank James, who was a member of Quantrell's band, confirmed it."

## MORE ALARMING.

Holy War Is Said to Be Openly Advocated by Cald Salem.

Paris, Aug. 9.—Special dispatches received here from Tangier report the situation as being more alarming on the coast and in the interior. Cald Salem, the administrator of customs at Rabat, is said to be openly preaching a holy war among the Mussulmans, as the result of which the French consul has distributed arms and ammunition to the Europeans. In addition, a priest named McClannan, the head of a horde of followers, is now traveling through the Limalor, inflaming the anti-foreign sentiment.

Reports from the sultan are terrified, and have not yet informed him of the gravity of the situation.

## BEATEN OFF.

Thousands of Horsemen Make an Unsuccessful Attack.

Paris, Aug. 9.—A message received here from Admiral Philibert, off Casa Blanca, probably forwarded from his flagship by wireless telegraphy and dated 2 o'clock Wednesday afternoon, says: "General D'Rude's camp outside of Casa Blanca was attacked by 5,000 to 6,000 horsemen, who were vigorously beaten off."

## ATTACK AND RAID.

Many of the Garrison Slain and Remainder Made Prisoners.

Tangier, Aug. 9.—The town of Cape Juby, on the west coast of Africa, has been attacked and raided by the Ait-uyusa and Aitdjemel tribes. A number of the garrison were killed and the remainder made prisoners. The governor escaped in a boat to a fort on Puerteventura island, opposite Cape Juby. Tribesmen completely looted

## CHICAGO OPERATORS OUT

Action Brought About by Los Angeles Situation.

## STOP WORK AT MIDNIGHT.

Refusing to Receive Messages Sent by People Not Connected With Their Order, Western Union Telegraphers Leave Their Keys.

Chicago, Aug. 9.—The telegraph operators employed by the Western Union Telegraph company in Chicago went on strike Thursday night at 12 o'clock. The trouble was participated by the Los Angeles strike. The local executive board of the Commercial Telegraphers' union met and passed resolutions requesting union men to refuse to work with non-union operators at Los Angeles. When the men were notified of this step all operators employed in the Overland division of the local office refused to work any longer with the non-union men at the other end of the wire. When this announcement was made Night Chief Harry Price ordered all who refused to work to leave the office. He then went into other divisions and requested the men to go into the Overland division. In every case he was met with refusal until over seventy men had been sent home. The grievance committee of the union called on Mr. Price and notified him that unless every man was reinstated by midnight every man in the office would be called out. This demand was refused, and out. This demand was refused, and promptly at midnight, by prearrangement, a whistle was blown and every operator employed in the main office with the exception of six wire and loop chiefs, together with Night Manager Price and his two assistants, left their keys, and with a round of cheers, filed out of the office. The men employed by the company at the various morning newspapers had been notified of the contemplated strike, and they also quit work.

Secretary Ulrich of the local union said: "The men were utterly tired of the conditions under which they were working, and could not stand it any longer. When the additional insult of asking them to work with non-union men in Los Angeles was put upon them they refused to stand it, and quit work. We could get no information of the situation on the Pacific coast from our national officers, so we decided that it was up to us to take care of ourselves."

When General Superintendent Cook of the Western Union was informed of the strike he declared that he was unable to say anything that would be of interest.

At a meeting of the executive board of the Chicago local of the Commercial Telegraphers' union a resolution was adopted declaring that it be the sense of that body and the Western Union grievance committee that no member of the union should work with an office where men are on strike. If such an order should be put in force by the national officers of the union it would mean a general strike of the telegraphers throughout the country.

## Settlement Seems Remote.

Los Angeles, Aug. 9.—Settlement of the telegraphers' strike appeared as remote at midnight Thursday night as during the first hour of the strike. District Superintendent Lamb, representing the company, twice Thursday refused to receive or deal with a committee representing the men who walked out, and the latter are firm in their attitude of demanding the reinstatement of Ryan.

## Backed Up by Denver.

Denver, Aug. 9.—As soon as word came from Chicago that the operators in the Western Union office there had gone on a strike a petition was started in circulation in the office here which approved of the action of Chicago men, and also stated that under no condition would the local men work with non-union operators in the Chicago and Los Angeles offices.

## Ordered Closed.

New York, Aug. 9.—As soon as the operators in the Chicago office of the Western Union Telegraph company went out the company's trunk lines directly connecting Chicago with this city were ordered closed for the night.

Maloney family held its 1907 reunion at Bonham, Tex. Ninety-four attended. Wolfe City holds next one.

Bryant Evans, ninety years old, died four miles from Greenville, Tex. He was twice married and father of twenty children, eighteen of whom are living.

FANCY GROCERIES

The Daily Eagle

ntered, at the Postoffice in Bryan, Texas, as second class matter.  
BY CARNES & WALLACE  
BRYAN, TEXAS, AUGUST 10, 1907  
When Judge Landis handed down his Standard oil decision in Chicago he jarred Wall street in New York.  
According to Dr. Abbott, chief of the bureau of health, the thirst for alcohol may be killed with candy. What will the Doctor do for the "rock and rye" consumer who takes his candy in his alcohol?  
The only way for the people of Bryan and Brazos county to secure other manufacturing enterprises is to encourage and support those we have. This course acts as an inducement for the investment of capital in other enterprises with the assurance that they will be supported and prove reasonably profitable.  
The Eagle has received the twenty-eighth annual catalogue of the Sam Houston Normal Institute of Huntsville with the announcements for the school year beginning Sept. 25, 1907. During its twenty-eight sessions this school has enrolled 10,179 pupils, and a total of 5,985 have completed the two and three year courses.  
Two Chicago University professor notoriety seekers have adopted a new method for breaking into the screaming headlines. They have joined in the onslaught on Jno. D. Rockefeller, the founder and supporter of that institution, and declare that he, Morgan, Harriman and other trust magnates are doing more to make socialism possible than its most zealous advocates.  
It was in Memphis that the commission form of government was first tried. It was instituted there in 1879, shortly after the yellow fever epidemic. Memphis was prostrate as a consequence of that visitation, and, as in Galveston, the commission idea was seized on as something of a heroic measure to meet a crisis. It served its pur-

pose well, but the supreme court of that state nullified the act which made the commission form of government possible. Now the Commercial-Appeal of that city wants to have Memphis adopt the Galveston plan, which is a modification—an improvement of the one adopted in 1879—Galveston News.  
Attention has been called by W. C. Lawson, president of the Waco Cotton Exchange, to a condition existing in Waco which exists in several cities and towns in Texas and which seems almost inexplicable. He shows that the amount of money paid out for cotton alone in that city annually closely approximates \$40,000,000, but in spite of that fact there is not a cotton mill there. It is thought that conditions will not change much as long as money brings as big a per cent in other lines as it does now, but that when it brings less the investments will turn towards factories, especially cotton factories.  
NEW GINNING LAW.  
A Bureau of Cotton Statistics was created by the last legislature in connection with the department of agriculture, and under the new law all cotton ginneries are required to obtain a certificate from the county clerk and file an affidavit with that officer wherein said ginneries agree to forward to the commissioner of agriculture at Austin a correct report of the number of bales of cotton ginned each month. The clerk will forward to the commissioner of agriculture the name and postoffice address of each ginner to whom a certificate is issued, and the commissioner of agriculture will in turn send blanks to each ginner upon which to send in sealed reports. The reports must be made to the commissioner of agriculture by the third of each month, stating the exact number of bales ginned the preceding month. The commissioner of agriculture will tabulate the reports from the various counties by the eighth day of the month and make public the result on the ninth day of the month.  
All county clerks and public ginneries violating this law will be

BLOCKADE PREVENTION.

Commissioner Colquitt Submits Recommendations.  
Austin, Aug. 9.—Railroad Commissioner Colquitt submitted his report to the commission of recent investigation at Galveston on the question of preventing recurrence of cotton blockade there the coming season. The report shows that Galveston handled 3,481,593 bales of cotton last season. As the result of his investigation and as a means of preventing recurrence of the blockade Commissioner Colquitt suggests and recommends that commission amend its compress regulations so as to require railway companies to load cotton in unmixed lots at points of origin or at concentrating and compressing points in the interior, that the commission prescribe the average daily movement of freight from the time cotton goes under bill of lading of one, one and a half, or two or two and a half rule providing for reciprocal demurrage. He also recommends a hearing be called on the proposition.  
At the request of the express companies the railroad commission set down for hearing Sept. 8 the question as to modifying its recent order compelling express companies to segregate their offices in Texas.  
At a meeting of leading Swedish Methodist of Texas, held here, it was decided to establish a school for the higher education of Swedish in the state. The city offering the best advantages is to get the location.

CITY COUNCIL.

Suit Against the Bryan Water, Light & Power Co. Ordered Dismissed.  
The city council met in regular session last night, Mayor Butler presiding and all officers present except City Secretary Frank Clarke.  
The First National bank and the City National bank were made city depositories on a joint bid of 2 per cent on daily balances of the city funds, including the city school fund, the money to be equally divided between the two banks.  
Judge A. G. Board and Commissioner Seth Mooring appeared before the council and made a proposition to keep mules and implements in Bryan, the city to furnish stable room, same to be used in working the roads four or five miles out of town under the direction of the deputy marshal, the county to pay said officer for such service and for the labor used outside of the city, and for feed for team. The team is to be available for city use when not on roads outside of town without cost to the city. The road work will be principally in repairing culverts, mud-holes, etc., and not regular and continuous grading. The purpose of the county in this arrangement is to have a base here for work near town, and to keep the camp outfit and force under the road superintendent in the country districts. The plan provides for the city to have the use of the jail when necessary for safe keeping of city prisoners. The proposition was accepted by vote of the council.  
Moved and seconded that the suit against the Bryan Water, Ice, Light and Power Co. be dismissed, and the attorneys representing the city are instructed to have said dismissal entered.  
Manager Preston and Attorney Robt. Armstrong appeared before the council and made a statement that improvements made and now in progress amount to about \$6,000, and it is the purpose of the company to still further improve the plant.  
Ordinances were considered relating to better sanitary regulation and providing for a city scavenger, and deferred until another meeting which will be held at an early date.  
The secretary's report showed collections from all sources of \$1742.99, and marshal's report collections of \$139.99 for month of July.  
BOUGHT HOTEL PROPERTY.  
Mr. G. B. Abercrombie, the Purchaser, Will Make Extensive Improvements and Enlarge the Building.  
Mr. G. B. Abercrombie, the proprietor of the Central hotel, has purchased the property from the estate of the late Judge Spencer Ford, and as soon as the title passes will begin extensive improvements in the property. The present hotel building will be moved further back and a new addition of ten or twelve rooms with a nice front, will be erected. The old part of the building will be put in thorough repair, awnings erected and concrete walks laid in front. The old building is one of the landmarks of Bryan and was moved from Boonville to this city. When completed the new hotel will be commodious and convenient in all its appointments. Mr. Abercrombie pays \$2,500.00 for the property.

CORPSES NUMEROUS.  
Situation at Casa Blanca is Described as Dreadful.  
Tangier, Aug. 9.—Between 100 and 200 Moors were killed, and the corpses are lying about the town in the outskirts mangled and decomposing and awaiting burial. The bombardment was particularly heavy Thursday and Thursday night, when great numbers of Kaybles attempted to surprise the town. They were discovered by the searchlights on board the warships and mercilessly mowed down by gunfire. It is estimated that hundreds were killed and wounded.  
There is little news of Caid Sir Henry Maclean, the Englishman who is held captive.  
Each fresh batch of news from Casa Blanca confirms previous reports of the horror of the situation there. The stench from decomposing bodies is described as fearful. The air is thick with stale smoke and filled with flies, while the empty looted houses tell their own tale. All the European and native shops were looted and the tribesmen, in their thirst for blood, killed even their Mohammedan fellow townsmen.  
The latest news received from Rabat confirms previous reports, and is most disquieting.  
Mrs. Hill Acquitted.  
Marlin, Tex., Aug. 9.—Mrs. J. T. Hill was acquitted on charge of killing her husband. The jury failed to agree on the first trial.  
Lieutenant V. O. Mahaffey of Sulphur Springs, Tex., is now a first lieutenant in the coast artillery.  
Halsey Dying.  
San Francisco, Aug. 9.—Theodore Halsey, the telephone official, whose trial for alleged bribery of supervisors had to be postponed owing to his critical condition, is dying from appendicitis at St. Francis hospital.

Fry Preventics, At My Risk

With Book on Colds.  
Just to prove merit—to show you how quickly Preventics can and will check colds with the Grippe—I will mail you free on request these samples and my book. Simply address—Dr. Shoop, Racine, Wis. Preventics are thoroughly harmless little Candy Cold Cure tablets. No Quinine, no axative, nothing sickening whatever. To check early Colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is surely safer than to let it run and be obliged to cure it afterward. Preventics will however reach a deeply seated cold. But taken early—at the sneeze stage—they break or head off these early colds. That is surely better—that is why they are named "Preventics." Promptness however is all-important. Promptness in the use of Preventics may save half your usual sickness. Feverishness, night or day, with child or adult, suggests the need of Preventics. Write Dr. Shoop, Racine Wis., today for samples and booklet. Preventics are sold by

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, causes nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

### AFFECTS TICKER SERVICE.

Insane Man Wants President to Stop Strike.

Chicago, Aug. 9.—No trouble was experienced Friday by brokers and commission houses in handling business. None of their operators here have been called out and all of them reported as usual. At 8 o'clock in the morning about twenty operators were at work in the rooms of the Western Union. Wesley Russell, secretary of the local union, declared the company was not able to man its wires or handle its business. There were no signs of disorder around the Western union building, but Chief Police Shippy detailed fifty officers to see no crowds congregated around the building or around the Board of Trade.

An insane man rushed into the central police station early in the day and inquired in an excited manner for President Roosevelt, saying he wanted him to end the telegraphers' strike at once. He was arrested.

Western Union ticker service was almost entirely out of business early Friday and the men in charge of this department declared they had no idea when conditions would improve. This caused much inconvenience to brokers, who were compelled to get stock quotations over other telegraph wires, which caused them considerable delay.

### REGARDED AS LOCAL.

Strike of Chicago Operators Is So Viewed at New York.

New York, Aug. 9.—The strike of telegraph operators at Chicago is regarded by the company as local in nature and not likely to precipitate a strike here. The walkout of telegraphers at Chicago hampered the transmission of business both here and at Chicago, but wire chiefs and chief operators are doing all they can to move business. President Clowry and General Superintendent Brooks had a conference to discuss the situation.

### All Out at Helena.

Helena, Mont., Aug. 9.—All Western Union telegraph operators are out here.

### Why It Was Done.

Helena, Mont., Aug. 9.—The strike of operators is due to marking off of operator who declined to man the Chicago wire. The entire force, numbering about forty men, joined the discharged operator and left the room and all wires were soon idle.

**To Stop Piles Try This.**

Piles get instant relief, when Dr. Shoop's Magic Ointment is applied. It's a Pile Cure, remember, and it is good for nothing else whatever except piles.

General Ointments, for many uses, can't possibly cure piles. A pile ointment must be specific. Every aim of its maker must be directed specifically toward piles alone. Says Dr. Shoop, "I make three valuable ointments, and yet, one only—Dr. Shoop's Magic Ointment—will bring help to pile sufferers." Even then, in old chronic cases, originating because of a torpid liver, with biliousness, I prescribe my Dr. Shoop's Restorative internally while using Magic Ointment locally or externally. Keep in mind this fact, please, that the large blood vessels of the liver originate in the walls of the rectum, where piles arise. Obstruct these vessels in the liver and piles instantly appear. Dr. Shoop's Restorative corrects stomach and liver sluggishness, hence its value as an aid to Magic Ointment in the treatment of obstinate cases of piles. None genuine without Dr. Shoop's name on the package. Sold at 50 cents by

**THIRTY-DAY FAST.**  
**For One Month a Man Exists Only on a Little Liquid.**

Oklahoma City, Aug. 9.—After a fast of thirty days, during which time he has partaken of no food, and has taken but very little liquid, W. A. McBride of this city Wednesday took nourishment and expects to be able to enjoy a hearty meal within a week.

McBride weighed more than 200 pounds before he began his fast, and was a sufferer from troubles which he believed to be due to obesity. He has lost more than forty pounds during his fast, and avers that he feels much better than when he began it.

"During the first week I suffered some from hunger, but since that time I have not cared to eat, and have not felt desire to do so," he said.

**NO REFUND.**

**Adverse Decision Rendered in Liquor License Matter.**

Austin, Aug. 9.—The comptroller's department will not refund any portion of license paid by liquor sellers on their old license paid before the Baskin-McGregor bill went into effect. According to the decisions of a judge of the court of criminal appeals and two district judges the state has no right to refund its part of the tax. The county commissioners, however, have the right to refund the part of the tax which is due the county, and in many instances the county court has the right to refund the money.

**HOTEL HOLOCAUST.**  
**Two Structures Burn and Man Supposed to Have Perished.**

Sour Lake, Tex., Aug. 9.—The Gray Gables hotel and the O'Neil House were destroyed by fire. It originated in the former. A man employed by the Frisco Lumber company is missing, and it is believed he was burned to death in the Gray Gables hotel. Total losses are about \$5,000.

**IN SITTING POSTURE.**  
**Albert Green Found In This Attitude, Life Being Extinct.**

Mount Pleasant, Tex., Aug. 9.—Albert Green, husband of the young woman who ended her life a few months ago by burning herself, was found dead in a hotel here. He went to his room at 2 o'clock and at 6 o'clock the clerk entering it, found him in a sitting position dead.

**Deserters to Be Surrendered.**

Washington, Aug. 9.—In the matter of the conflict between the German consul and Chinese vice consul at San Francisco over twenty-four deserters from the German tramp steamer Tolosan the department of justice decided they must be surrendered to the German consul.

**Southern Railway Gives In.**

Montgomery, Aug. 9.—Controversy between the Southern railway and this state is settled. The railway makes the concessions demanded.

**Terms of Agreement.**

Montgomery, Aug. 9.—The Southern railway will put on the 2 1/2-cent rate passenger fare and reduce freight rates on 110 commodities, commonly shipped in Alabama. This action will hold until final adjudication in the courts.

**Firing Near Tangier.**

Tangier, Aug. 9.—The Agra tribesmen were firing two miles from Tangier Thursday night. The European residents, including the British minister, Gerard A. Lowther, and his family have left their mountain dwellings and returned to the town.

**McAdams Commander.**

Dallas, Aug. 9.—Walter B. McAdams has been appointed commander of the Texas Sons of Confederate Veterans. Mr. McAdams is a proofreader on the Dallas News and a prominent union printer.

**Twice Shot.**

Houston, Aug. 9.—Robert Hill was shot twice near the jugular vein and in a hip. He cannot recover. Another negro escaped.

**Negress Cut to Death.**

Dallas, Aug. 9.—Isabelle Applewhite, a negress, was so terribly cut that she died en route to the hospital. Sylvester Brown, a negro, was arrested.

**Case Not Bailable.**

Hemphill, Tex., Aug. 9.—J. G. Rowan, charged with criminal assault, on Miss May Skirlock, was denied bond.

**Dies From Spasm.**

Sherman, Aug. 9.—Charles Roach, an aged man, died from spasms.

**CONCEDED BY VARDAMAN.**  
**Governor of Mississippi Abides by Result.**

Jackson, Miss., Aug. 9.—Governor Vardaman, after the Democratic executive committee had declared on the face of semi-official returns that Congressman John Sharp Williams had received 648 majority in the senatorial primary election, conceded the nomination of his opponent by sending the following communication to the committee:

"The Democratic party, through its executive committee, has declared Mr. Williams the nominee, and I accept the arbitration of that tribunal without a tinge of resentment or regret for anything done or said by my friends or me during the campaign.

"I am for the nominee, and hope that he will make the people of Mississippi a great United States senator. I have made the campaign upon living, important and pertinent principles, and while I have lost the nomi-

GOVERNOR J. K. VARDAMAN OF MISSISSIPPI.

nation I am thoroughly convinced that the large majority of the white Democrats of this state agree with my view upon public questions, and I shall continue to fight for those principles as earnestly in the future as I have contended for them in the past. I want to thank my friends for their loyalty, their earnestness and their zeal in behalf for the principles I represent and for my political interests. No man was ever blessed by more loyal and faithful friends than those who favored my fortunes in this contest. I want them to feel as I do, that we have not been defeated, but that the victory is only postponed for a season. I have been a candidate several times in my life and lost the fight, but never have I felt the sting of defeat, and I am not defeated today. I am sure that I am stronger today by the people of Mississippi today than ever before, and God being my helper, I hope to so live that my popularity, confidence and strength with the people may grow. The only life worth living is a life of service, and to serve Mississippi and Mississippians is my chief ambition.

Noel and Brewer will contest in a second primary for the gubernatorial nomination. Manshi and Nash for lieutenant governor, Henry and Miller for insurance commissioner, J. E. Smith was declared nominated for auditor, G. R. Edwards, Jr., for treasurer and J. R. Powers for superintendent of public instruction.

**Bitter Feeling Caused.**

Henderson, Ky., Aug. 9.—The parents of Patrick Haffey, a locomotive engineer of this city, received word he is in prison at Jimenez, Mexico. Haffey was arrested because a native fireman told off the train and was killed. Bitter feeling against Americans caused a mob to form and the young man was almost lynched. The American ambassador has been appealed to.

**Defendant Ill.**

San Francisco, Aug. 9.—The trial of T. V. Halsey for bribery was brought to an abrupt close Thursday afternoon by the sudden illness of the defendant, who is confined to his home with an intestinal trouble which, according to his physician, may necessitate an operation.

**Barrett Critically Ill.**

Little Rock, Aug. 9.—Charles S. Barrett of Georgia, president of the National Farmers' Union of America, is critically ill at the home of Ben Griffin, secretary of the Arkansas Farmers' Union, at Conway. Mr. Barrett is there attending the state convention.

**THERE is no fairer country** or more delightful climate on earth than that of Colorado during the heated term.

Hundreds of places of interest to the sight-seer engage his attention and interest him, while at the same time he is fanned by cooling breezes, rich in life-giving ozone, fresh from the realms of perpetual snow.

The entire State is a mass of picturesque scenery, affording an endless delight to those who are interested in the sublime vagaries of Nature, for in Colorado Nature seems to have exhausted herself in the production of the sublime and beautiful.

The lofty peaks of the far famed Rockies, forming the Continental Divide, tower skyward and stretch away, snow-capped, in the wondrous vista.

ON every side there is something to interest and inspire the beholder; the richest gold-producing mines on earth are there, and a visit to them will never be forgotten.

In addition to such renowned resorts as Colorado Springs, Boulder, Glenwood Springs, Denver, etc., Colorado has innumerable other points of equal interest and attraction, each affording distinctive features of its own, and each, alone, being worth far more than the cost of transportation to the state to see.

Visit Colorado now, "the land of gold," "the land of health" and the land of glorious scenery.

Hotels are legion, and the vacationist can always find accommodation at a price to suit his pocket book.
